

A beautiful oak tree planting and memorial plaque were placed at the entrance to Waterfront Park on Tuesday, April 5, 2022 as a living reminder of Grand Haven Woman's Club member Patsy Moden's husband John.

John was a participant in the development of the City of Palm Coast. His years as V.P. of engineering (ITT), Director of the Palm Coast Service District and Director of engineering and Storm Water Management for the City of Palm Coast were instrumental in the corporation of Palm Coast.

The Palm Coast Rotary Club, which John was a member, were represented at the tree planting memorial as well as family, relatives, Palm Coast Mayor David Alfin, co-workers, his church family, Grand Haven Woman's Club members and friends.
