## *PRESIDENT'S UPDATE:*

*Gail Naworal*

Greetings!

What a treat to see so many new faces at our first meeting of the year. I was able to talk with a few new folks and hear their "story". It's so interesting to see the kinds of lives everyone has lived. We are all different, yet with many similar goals.

The enthusiasm of the CSP chairs and board members was contagious, and I know it rubbed off on our members. The tables with information about the committees looked so inviting. (I especially appreciated the chocolates at the tables…….always an attention-getter.)

We are now a club of over 200 members with big goals for the year. We have many organizations counting on us for support. I hope each of you can find a way to involve yourself in some small (or maybe large) way. And I promise we'll have fun doing it!

**Password** – The password for accessing confidential files on our website has been changed. It is printed at the bottom of each email that the Notices Chair sends to our members. It is required to be entered only once, please do not share this password. Confidential files are: directory, financial reports, meeting minutes, etc.

**Attachments** - All of us are concerned about emails with attachments that can potentially affect our computer. I would like to inform our members that Google automatically scans all incoming and outgoing emails and attachments in Gmail for viruses, malware, and malicious links.
If you have issues opening attachments, please reach out to me and I will work with you to figure it out.
Add Notices@GHWomansClub.org to your Contacts so the emails are delivered to your Inbox instead of the spam folder. This email account is a business Google account, and it is subjected to more rigorous scans for viruses and malicious links.

**Directory** – The electronic directory (E-directory) that is posted on the website is updated with the members information. Please take a few minutes and confirm that what is listed for you is correct. If you notice something wrong, please let me know and I will correct it immediately. The e-directory is updated as changes occur, so you can view it on-line, download it to your computer, or print it and have a hard copy.
This year's printed directory will be available for distribution at the October meeting. If you must have a hard copy, please let me know and I will reserve it for you. Your $5 donation to defray the printing costs is greatly appreciated. New members receive their copy at no charge when they attend their first meeting.

**Website** – The website is due for a facelift! It is more than 10 years old and in the technology world that is ancient! I have been making enhancements in my spare time, so I will announce a launch date soon!

**A gentle reminder from Denise Gallo & Roi Parris**

HAPPY BIRTHDAY

## Environment Committee

*Cheryl Dresnok, Chair*

A couple of weeks ago, my husband and I were driving down Waterside Parkway on our way to dinner. We followed a car doing 30 mph. All was well. Until it wasn’t.

The car in front of us started to slow down, down, down until it almost came to a complete stop in front of us! What the heck???? The driver reached his left arm out of the driver’s side window with a bottle in his hand, and he threw the bottle clear across the front of his car, straight into flower bushes planted by the curb alongside Waterside Parkway! Then he sped up and roared out of sight.

My first reaction was, wow, if I had tried to throw a bottle with my left arm clear across the front of my car, it surely would have crashed onto the hood of my car and broken into a hundred pieces. My second reaction was indignation! “Did you see that?” I asked my husband in disbelief. “Sure did,” he responded, “Crazy! Now let’s get to dinner!”

I reflected on that day many times. I am still miffed that somebody felt it was fine to throw his garbage out the window of his car into the plants in our neighborhood! And he knew we were right behind him watching him do it! It made me curious about the littering laws in Florida.

**Did you know:**

1. The Florida litter law says littering is defined as dumping, throwing, discarding, placing garbage, trash or waste on public or private property without permission.
2. No trash or household items
3. No bottle or cans, balloons, cigarette butts, drugs
4. No construction materials
5. No raw human waste. So if you think you are going to vomit, do it in your hands. Or get permission from the owner of the property first.

It is considered a noncriminal infraction if you discard 15 lb or less of waste in Florida. Your fine will start at $100 and you may get points on your driver’s license.You may also have to do community service and wear a lime green vest while you pick up other people’s litter.

I know I do not litter. Lime green is not my color.

Arts & Culture
Reenee Hart, Chair

What a great first meeting, there was such energy in the room! It was wonderful to reconnect with everyone and meet all our new members. I'm excited for the events that everyone has planned this year and particularly thrilled to host the 65 members that we have in Art and Culture! Thank you ladies for your overwhelming support.

The first play at City Repertory Theatre is Sunday, November 8th. Join us as the cast recreates Of Mice and Men, the John Steinbeck timeless, classic story of friendship, hope and the American Dream.

Thursday, December 3rd is the Christmas extravaganza at the Stetson Mansion. I am so excited to meet the new owners and experience their vision of Christmas. We will do a late lunch at 1:30 and then we will have time for some shopping before our 4:30 tour, when the lights will be much prettier. Car pools will be available so text or email to sign up.

Many of you took flyers for our Book Club and I failed to have a sign-up for that early on so, if you didn't sign-up and are not currently receiving emails from our coordinator Suzanne O'Meally please email her directly at byra19@aol.com to be included on her notices.

If you would like to be included in my emails please reach out to me via text at 916-833-2923 or email at reneehart@me.com

Until we meet again, remember to celebrate,

# Education Committee

*Gail Callahan & Carol DeFries, Co-Chairs*

Thank you to everyone who joined us at our September meeting and learned more about the many ways the Education Committee supports children and education in our community. We wanted to follow up on some of the programs we introduced.

## A New GHWC Grant: Dolly Parton's Imagination Library

One of the exciting programs we introduced at our September meeting was **Dolly Parton's Imagination Library**. For those who were unable to attend, we wanted to share a little more about this wonderful program and why the Education Committee is excited to support it.

The Education & Libraries Committee is pleased to announce a **new $1,000 GHWC grant to Dolly Parton's Imagination Library**, whose mission is to inspire a love of reading among young children.

The program provides free, high-quality books to children from birth through age five, helping ensure that all children have access to books regardless of their family's financial circumstances.

Serving children in all ZIP codes of Flagler County and administered locally by the Early Learning Coalition of Flagler and Volusia Counties, enrolled children receive one age-appropriate book each month, delivered directly to their home, from birth through age five.

Our $1,000 grant will provide books for 25 children for one year. This investment supports Flagler County's focus on improving early childhood readiness for kindergarten and helps give young children an important foundation for future learning.

We are excited to introduce this program to our members and look forward to sharing more about how Dolly Parton's Imagination Library is making a difference for children in our community.

## Reading Pals

Reading Pals gives our members an opportunity to make a personal difference in the life of an elementary school student. Volunteers spend time reading with students, helping build their confidence and encouraging a love of reading. We hope more of our members will consider becoming a Reading Pal mentor.

## Take Stock in Children

Our support of Take Stock in Children helps local students from families with limited resources pursue their educational goals through mentoring, encouragement, and scholarship opportunities.

The heart of the program is one-on-one mentorship. Mentors offer support, guidance, and encouragement to a high school student and meet with their selected student a minimum of twice a month throughout all four years of high school.

**Interested in becoming a mentor?** For more information, please contact Gail Callahan at (954) 461-3788 or gcall5@yahoo.com.

## STUFF Bus

Our committee continues to support the STUFF Bus and the important work it does for students in need throughout Flagler County. In addition to the annual summer school-supply event, we will hold specific supply drives throughout the year, such as the sports bras and underwear drive at last month's meeting. Watch for information about future drives and ways you can help.

## SAVE THE DATE — BOOK SALE!

**Mark your calendars for our Education & Libraries Book Sale Fundraiser, February 12–13, 2027!** Please start saving your gently used books now. More information about book donations and volunteer opportunities will be coming as we get closer to the sale.

**A special thank you to everyone who signed up to be part of the Education Committee at our September meeting. We will be contacting you very soon with information about our first committee meeting. We are excited to have you join us!**

**Together, we can make a difference through education, literacy, and support for the students and families in our community.**
