

Our Grand Haven Woman's Club has gained five new members this month: Linda Britton, Andrea Byrne, Diane Fitzgerald, Peggy Lee, and Holly White. It is my great pleasure to introduce you to two of these delightful ladies

Andrea Byrne just moved to Grand Haven in March 2023, so she is still adjusting to life in Florida, a big change from her previous life in Wall Township, New Jersey. Andrea lives in the Front Street section with her husband, James, plus two 18-year-old cats, and their dog. In her previous life, Andrea worked as a graphic artist and in high end retail.

Andrea said she was attracted to our neighborhood for the same reasons, so many of us were drawn to this area. She said, "I loved the tree lined streets and the quiet neighborhoods. Our home has a beautiful view, close to the beach." I asked her what her favorite thing to do now that she lives here, and she answered, "I love to take walks along the intracoastal."

Nothing bugs her about Grand Haven, she says, "Not yet!" Andrea would like her new neighbors and friends to know "I am looking to make new friends and participate in different activities. We don't have any prior friends or family in the immediate area." You are not alone in that, Andrea, so many of us moved here from out of the area, but luckily, it is very easy to make friends in Grand Haven. Welcome to you and your husband!

Linda Britton has lived in Grand Haven for eleven months, after moving here from Port Ludlow, Washington! Linda and her husband Tom moved to The Crossings with their long-hair dachshund named Lilikoi, also known as Lilly. Linda said, "We were attracted to Palm Coast and Grand Haven because of the weather and location of our children not too far away." Linda, you have probably noticed we have endless sunshine in this state, I hope you can adjust!

In her former life, Linda owned a quilt shop. I asked her what her favorite thing is to do now that she lives here. Linda said, "I enjoy sewing, gardening, and walking." You will have no problem pursuing any of those activities in our neighborhood, Linda!

There is nothing that bugs her about living here. I asked Linda what she would like her new neighbors to know about her. She answered, "I'm happy to be here!" We are glad you have decided to move here too! Welcome to you and Tom and Lilly!
